WASHINGTON, D.C. 20301-3000

MAY 1 2001

MEMORANDUM FOR DEPUTY ASSISTANT SECRETARY OF THE ARMY
(INSTALLATIONS AND HOUSING)
DEPUTY ASSISTANT SECRETARY OF THE NAVY
(INSTALLATIONS AND FACILITIES)
DEPUTY ASSISTANT SECRETARY OF THE AIR FORCE
(INSTALLATIONS)

SUBJECT: Request for Joint Land Use Study (JLUS) Nominations for Fiscal Year 2002

OEA is authorized under *The Defense Authorization Act* (Title 10, Section 2391) to provide technical and financial assistance to local jurisdictions to develop, in participation with a local military installation, a JLUS. The purpose of a JLUS is to help communities identify and institute land use measures and institutional controls designed to promote compatible community development in the vicinity of military installations. Ideally, a JLUS follows the Military Department's Air Installation Compatibility Use Zone (AICUZ) or Environmental Noise Management Plan (ENMP).

OEA's agreement to support a community sponsored JLUS is based on a nomination by the Military Department. Typically, nominations originate at the military installation level and are submitted through that installation's Major Command/Claimant. A nomination does not indicate that the base is deficient in carrying out its planning or coordination responsibilities. Instead, it is recognition by the installation command that the surrounding jurisdiction(s) may need DoD help to identify and discourage incompatible land use activity from encroaching upon a base and possibly compromising its military mission.

OEA staff can help evaluate potential locations for JLUS suitability before a formal nomination is made. This evaluation could include an OEA pre-nomination site visit to brief the local command and answer questions about the program and its benefits. This advance visit is optional, but could save time and money, should it be later determined there is no need for a JLUS.

Attached is a JLUS Status Report on previously nominated JLUS. Please make your nominations for FY02 by the end of August.

Mr. James M. "Mike" Davis of my staff at (703) 604-4726 is available to answer any questions and to arrange a pre-nomination visit as appropriate.

Paul J. Dempsey
Director
Office of Economic Adjustment
